How to apply

Once you have accepted your place at the University of Lincoln, you will receive an email from Accommodation Services inviting you to the accommodation portal, where you can choose your top selection of residences.

The team will allocate you a building, and you will be required to pay a £49 down payment (which is deducted from your first term's rent) to secure your room. Once we have received the payment, you will be sent your apartment and room number.

From here, you will be able to access a private Facebook group, where you can chat with other students in your accommodation and find your flatmates!
